We very much hope that you will take this opportunity to attend to develop a range of officials from Thailand and other countries of Asia to promote Wakesurfing within the region.

Wakesurfing uses a subjective scoring system. It is therefore essential that all judges and officials are trained to apply the rules and judging criteria consistently.

The seminar is held in a relaxed informal atmosphere, with time for discussion to help learning and sharing experiences together. Our goal is to grow the wakesurfing community along with increasing technical knowledge throughout the community.

**Entry Requirement**
